

Build a table to show how supporting details are important.

1. Read a book or story.
2. Write the main idea on the table's top.
3. Write a supporting detail on each leg.
4. Cut out the pieces and fold the legs at the dotted lines.
5. Tape each leg underneath the table's top.
6. Add paper clips to the foot of each leg to help the table stand.
